Subject: Participation in the Istanbul Artist Residency

To Whom It May Concern,

On behalf of the Istanbul Artist Residency (IAR), and Bilgili Sanat, I hereby invite Katarzyna Tereszkiwicz to participate in the IAR 2022.

The IAR is an international art and culture exchange program for contemporary artists. The IAR is a prime example of how artists and curators from all over the world can interact with each other; this project demonstrates an opportunity to explore other cultural art contexts and establish intercultural communication. For the last three years, the IAR had received about 1000 applications for participation from all over the world, and every year the number of applicants for the IAR is growing. For three years in a row, the IAR accepted 25 international artists from 8 different countries. Engaging in cooperation with the diplomatic corps of different countries in Istanbul, the IAR aims to contribute to the popularization of the culture and art scene of Istanbul at the diplomatic level as well. The IAR works with the leading art scene figures, inviting them as Guest Curators, to create a conceptual theme for the participant artists to work on.

The residency dates are December 2, 2022(arrival) and December 18, 2022 (departure day).

The project will be running a major international artists collaboration, open studios, and a massive exhibition in the center of Istanbul.

The IAR exhibition will take place on December 17, 2022 - December 25, 2022.

Polina Somochkina
IAR Co-Founder/Art Director
